

## Our Lady of Hope Catholic School 2026-2027 3D Printing Club Permission Form

The 3D Printing Club will give middle school students a hands-on opportunity to explore design, creativity, and technology. Members will learn how 3D printers work, create their own digital models, and print real objects to take home.

Students will also receive instruction on safe and responsible use of 3D printers and related tools. While safety procedures will be followed at all times, **3D printers involve heated components, moving parts, and small tools that can cause burns, pinches, or lacerations if not handled carefully.** By signing this form, parents acknowledge these risks and students agree to follow all safety rules and instructions, use equipment responsibly and respectfully, and behave appropriately around equipment.

Please complete the permission form and return to the school's front office by **September 4**. Space will be limited in order to ensure appropriate supervision and for each student to have adequate time with the equipment.

To help cover the cost of filament, maintenance supplies, and project materials, there is a **\$10 participation fee** for each student. Please make checks payable to Our Lady of Hope School.

### Meeting Dates/Times

We will plan to meet in the school library from 3:15 to 4:15pm on the following Wednesdays:

- |               |               |
|---------------|---------------|
| → September 9 | → January 13  |
| → October 14  | → February 10 |
| → November 18 | → March 10    |
| → December 2  | → April 14    |
|               | → May 12      |

Student Name: \_\_\_\_\_ Grade: \_\_\_\_\_

Student Signature: \_\_\_\_\_

Parent/Guardian Name: \_\_\_\_\_

Parent/Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Will your student be picked up or go to extended day after the meeting?
