

## Daily Symptoms Checker for OLOH School COVID Mitigation

During times of potential health risk or modified access, Our Lady of Hope Catholic School must guard against the spread of illness. Parents are being asked to perform a daily health screening every morning for each child.

If the individual responds NO to all questions in the following table, they may attend school.

If the individual responds YES to any questions in the following table, they may not attend school. It is required that the individual stays home and contacts the school. It may be determined that you need to follow up with your child's health care provider for further guidance. It is recommended/encouraged that any siblings remain home until symptoms are determined to be not Covid related.

### Do you have any of the following symptoms NOW?

Symptom	No	Yes
A new and/or unexplained temperature of 100.4° F or greater	<input type="checkbox"/>	<input type="checkbox"/>
Sustained temperature of 100.4° F or lower with additional symptoms below	<input type="checkbox"/>	<input type="checkbox"/>
